Pressure put on Carter

Rights leaders rap black jobless data

WASHINGTON (AP) — Civil rights leaders, saying unemployment figures justify their criticism of Carter administration economic policies, are stepping up pressure on the President to find jobs for blacks.

Officials of the NAACP, the congressional Black Caucus and the National Urban League bitterly criticized the President on Friday, terming new statistics that show high unemployment among blacks "a national disgrace" and "a tragedy."

Meanwhile, a coalition of labor, civil rights and civic groups proclaimed next week "Full Employment Week" and said it is planning rallies, parades and other demonstrations in more than 50 cities. The coalition is hoping to stir public sentiment for congressional passage of full-employment legislation.

The new figures on joblessness, from the Labor Department, reported that black unemployment in August returned to peak recession levels of two years ago. The unemployment rate for blacks jumped from 13.2 per cent in

July to 14.5 per cent last month, the government said.

The overall unemployment rate rose from 6.9 per cent of the work force in July to 7.1 per cent last month.

Administration critics pounced on the unemployment report, saying it backed up their claims that the President has reneged on campaign promises to achieve sharp reductions in the jobless rate, especially among blacks.

The figures prompted Carter to meet with Labor Secretary Ray Marshall and Charles Schultze, his chief economic adviser, and to order them to find out why minority joblessness is rising and to recommend solutions.

But administration officials also used slightly more hopeful terms to describe the state of the economy. While White House Press Secretary Jody Powell acknowledged that the economy is in a "temporary lull," Schultze said he doesn't think the nation is facing bad times or a recession.

The nation's overall jobless rate had

dropped earlier this year from a 1976 high of 8 per cent last November. The jobless rate stood at 7.3 per cent when Carter took office. But it has hovered around 7 per cent since April.

Unemployment among blacks has traditionally been higher than for whites, whose jobless rate last month was unchanged at 6.1 per cent.

But Benjamin Hooks, executive director of the NAACP, urged Carter to scrap his "balance-the-budget strategy at once" and concentrate on a comprehensive jobs program.

Coffee Break . . .

IN ACCORDANCE with a long-standing policy, the Record-Herald will not be published Monday in order that employees may spend the Labor Day holiday with their families.

Comics and other features which would have normally appeared in Monday's edition are being carried in today's paper.

Have a happy Labor Day and remember to drive carefully.

A LABOR DAY dinner will be held at 6 p.m. Monday for members of the Washington Country Club and their guests at the country club.

Reservations can be completed by calling 335-3490 today.

A GOAL of \$6,000 has been established by local volunteers to be raised during the annual Muscular Dystrophy telethon drive on Sunday and Monday.

Miss Sandy Fackler, local drive chairman, said a total of 27 volunteers will be manning four telephones at different intervals from 9 p.m. Sunday to 6:30 p.m. Monday to receive telephone pledges. The telephone number at the Fayette Landmark meeting room where the volunteers will be stationed is 335-8120.

Miss Fackler said \$4,100 was raised last year and her goal is \$6,000 for this year's 21 1/2 hour drive.

Members of the Washington C.H. Jaycee chapter will be manning a roadblock to request donations from passing motorists from 12 noon to 5 p.m. on Labor Day. The roadblock will be established on E. Market Street between N. North and N. Fayette streets.

CONGRESSMAN William H. Harsha's mobile district office will be in New Holland on Tuesday, Sept. 13. The van will be located at the village town hall building and office hours will be from 10 a.m. to 3 p.m.

Harsha's district representative, Bill Fawley, will be available to assist Sixth District residents seeking help with problems and projects involving the federal government.

Those seeking such assistance should bring with them all pertinent information such as Social Security or Veterans Administration numbers and correspondence.

membership was that job growth has been in areas where the trade union movement has been traditionally weak, such as in the South.

Unions affiliated with the AFL-CIO lost 300,000 members over the two-year survey period.

The Labor Department also noted that employment in the heavily unionized manufacturing and construction industries dropped by 1.4 million over the 1974-76 period.

The combined U.S. union-association membership represented 23.2 per cent of the labor force last year, compared with 24.5 per cent in 1974 and 24.7 per cent in 1970.

Twelve large unions with 100,000 or more members reported membership losses between 1966 and 1976, the department said. Eight other unions gained 100,000 members or more during the period, some the result of mergers.

Hise also marks 74th birthday

County treasurer retires

By RICK WHAITE
Record-Herald Staff Writer

Friday marked two special days for Fayette County treasurer Harold A. Hise and other county employees marked the day for him with a serene party in his office. After 21 years as a Fayette County employee, Hise is retiring from his post.

Although his retirement becomes official on Monday, fellow workers celebrated the occasion with Hise on Friday, which also happened to be his 74th birthday.

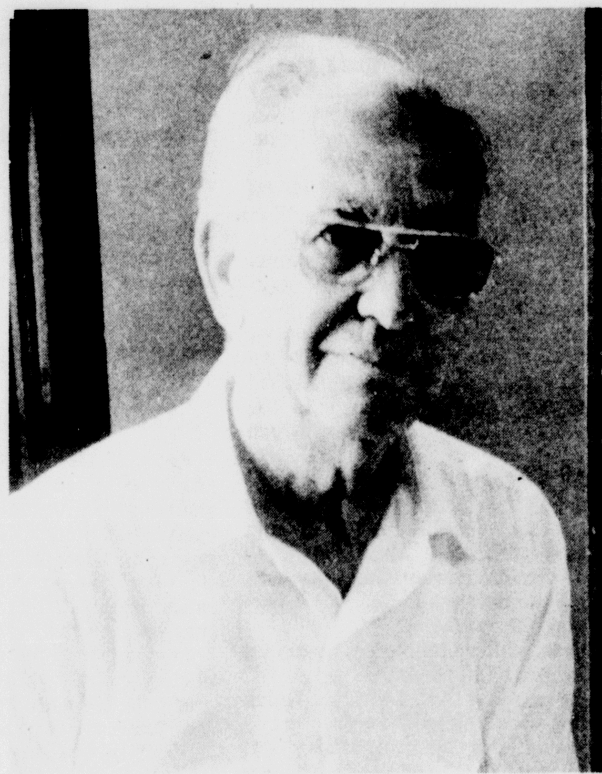

Hise announced March 1, last year, that he would not seek re-election as county treasurer after holding the position for the past 16 years. Prior to being elected to the office in 1961, he had served for five years in the Fayette County auditor's office.

But the long-time public official was celebrating yet a third major event in his life. On Aug. 27, Hise was married to the former Doris A. Custer of 520 Albin Ave.

While many retirees forge extensive plans for their retirement, Hise said he wants to "just be home" with his wife. The ex-treasurer was presented with a gold, jeweled watch, inscribed "Retirement September 2, 1977," during the afternoon party.

When he announced his retirement last year, he had said the job was not the most popular of the county officials, because his primary responsibility is the collection of taxes.

On Tuesday, Jean L. Palmer, 40, former administrator of the Comprehensive Employment Training Act (CETA) program in Washington C.H., will take over that responsibility as the new county treasurer.

HAROLD A. HISE

Bishop suspends priest

Episcopal church sets vote Sunday on issue

COLUMBUS, Ohio (AP) — Members of St. Paul's Episcopal Church begin voting Sunday on whether to secede from the national church in a dispute over ordination of women.

A court order issued Friday by Franklin County Common Pleas Judge Tommy L. Thompson clears the way for the election and provides for impounding of ballots until an earlier challenge to the voting is resolved.

A temporary restraining order against the election had been issued by Judge Jay C. Flowers, also of Franklin County Common Pleas Court, at the request of a senior warden of the Columbus church.

Thompson's order and the injunction

by Flowers raised constitutional questions about state interference with church matters.

The Rev. G. Wayne Craig, who opposes women in the priesthood and called for the balloting, was suspended from the 136-year-old church by Bishop John M. Krumm of the Diocese of Southern Ohio. Bishop Krumm said he would conduct Sunday's service.

The bishop said he suspended the minister because of allegations he "has denied and abandoned the doctrine, discipline and worship of the Episcopal Church."

Samuel M. Allen, chancellor for the diocese, said church canons give a suspended minister six months to deny allegations or be deposed entirely from the ministry.

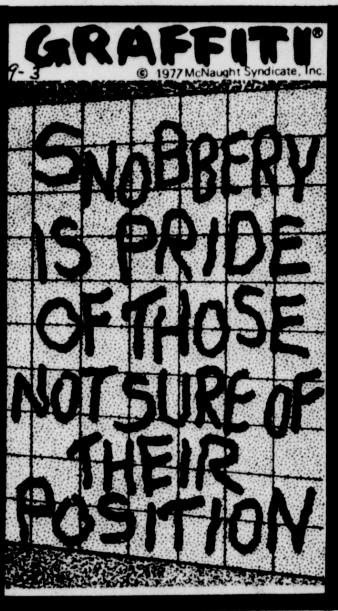

Thompson's order forbids anyone from interfering with the balloting but he said nothing in the order interferes with ecclesiastical issues. Thompson's secretary is to supervise the voting and have charge of the ballots until they are counted.

A tie vote of 104-104, which included 41 absentee ballots against secession, resulted Aug. 7 when the congregation of about 300 members voted on a motion to disassociate from the Protestant Episcopal Church.

The Rev. Mr. Craig then called a second vote for Sunday and said church by-laws prohibited absentee ballots.

The minister submitted to the court a list of 233 names which he certified as being qualified to vote in the issue.

Thompson's order permits voting at the church on Sunday and next Sunday and requires mailed ballots be postmarked by Sept. 21 and addressed to him.

Labor unions suffer member loss

WASHINGTON (AP) — Labor unions suffered a loss of 767,000 members, most of them women, in the United States during a two-year period ending in 1976, the government says.

The Labor Department reported Friday that union membership totaled 19.4 million at the end of last year compared with 20.2 million two years earlier. The decline was the first since 1960-62.

Three million other workers were enrolled in professional and state employee associations, the highest number ever and an increase of 400,000 from 1974.

The associations, such as the National Education Association, generally have philosophical reservations about being called a labor union, but their activities include conducting collective bargaining.

About half the increase in association membership was on the rolls of the National Education Association, which

now ranks as the second largest single labor organization in the United States behind the Teamsters, which has 1.8 million members.

The department said the number of women in labor organizations, both unions and associations, declined by about 50,000 in 1976 from a peak of slightly more than 6 million in 1974.

This occurred because of a loss of 400,000 women on union rolls, and an increase of 350,000 women in associations, the department said.

Labor Department analysts said the overall decrease of 50,000 may be the result of heavy unemployment in industries dominated by women, such as electronics and the garment industry.

Another factor, they said, was that women may have been low on seniority lists and were among the first cut during layoffs.

In response to the report, AFL-CIO President George Meany said one reason for the overall decline in union

U.S.-Canada agreement reached

New oil pipeline route eyed

OTTAWA (AP) — U.S. and Canadian negotiators agreed on an all-land route through Canada for a pipeline to move Alaska natural gas to the lower 48 states and said the accord would go to their governments early next week.

"We have reached agreement regarding the fundamental outlines of an overland proposal which I am delighted to present to the President so he can make his recommendation to Congress," U.S. Energy Secretary James Schlesinger said here Friday night after two days of talks.

Schlesinger and Canadian government House Leader Allan MacEachen

said some details remained to be worked out and that the accord would be made public after presentation to their governments.

Schlesinger said President Carter and Canadian Prime Minister Pierre Elliott Trudeau might be ready to discuss the issue when Trudeau goes to Washington for the signing of the new Panama Canal treaty, set for next Wednesday.

Carter, who must choose between the route through Canada and a rival "all-American" plan, said earlier that he would announce his decision next Wednesday. But sources in Congress

and the White House said Friday that announcement could be delayed a week.

Carter also has open the option of a route roughly paralleling the existing Alyeska oil pipeline from Alaska's far northern Prudhoe Bay to its southern coast. From there, a fleet of tankers would move the fuel to the West Coast.

Schlesinger has indicated that the administration prefers the Canadian route if it can be shown to be the most economical.

Congress has 60 days to approve or reject the presidential recommendation. Aides to Carter said there might be congressional opposition to running the pipeline through a foreign country, especially now that the Panama Canal treaty is a hot issue.

But Schlesinger and MacEachen said they feel legislative bodies in both countries can be persuaded to accept the agreement on the Alaskan-Canadian route.

It would bring the gas south across Alaska as far as Fairbanks, then along the route of the Alcan highway through Canada's Yukon Territory and British Columbia and Alberta provinces. Two branches would bring the gas to the Pacific Northwest and upper Midwest.

Two main points were at issue in the talks:

—A Canadian proposal for a \$200

Former Pakistani leader arrested in murder probe

KARACHI, Pakistan AP — Deposed Pakistani Prime Minister Zulfikar Ali Bhutto was arrested early today at his suburban Karachi residence in connection with the murder of a political opponent's father, official Pakistan radio said.

The arrest came after an inquiry into the death of Nawab Mohammad Ahmad Khan that was ordered by a court in Lahore, Pakistan's second city 650 miles northeast of here.

His son, former member of parliament Ahmad Raza Kasuri, complained to police that his father was murdered by federal security officers at Bhutto's orders last November.

The matter lay dormant until Bhutto was ousted two months ago in a bloodless military coup. Kasuri then asked the high court to take up the case and Pakistan's federal investigating agency arrested the officers allegedly involved.

They reportedly confessed that Bhutto directed them to kill Khan.

The 49-year-old Bhutto is the target of several court cases stemming from alleged abuses during his 5 1/2 years in office. The day before his arrest, martial law authorities seized the books of trust he chaired, in an investigation of misappropriation of funds.

It was not immediately known where the former prime minister was taken after he was driven away from his house in the suburb of Clifton in an army jeep.

The officials said the 49-year-old Bhutto was taken from his house in the suburb of Clifton in an Army jeep. Police posted a guard inside and outside the residence and ejected the servants, allowing only members of Bhutto's family to remain.

Sources in the Sind provincial government said the former prime minister was being held by the martial government of Gen. Mohammed Zia ul-Haq, who led the July 5 coup.

Bhutto was deposed after he and leaders of his political opposition failed to agree on mechanics for a rerun of March elections which the opposition claimed were rigged in Bhutto's favor.

Zia said the military acted to prevent civil war after supporters of Bhutto and the opposition clashed in street battles that left some 300 Pakistanis dead over a three-month period.

The general declared martial law, but promised that free elections would be held Oct. 18 and encouraged Bhutto to participate.

Fountains capped in Rome in plan to conserve water

ROME (AP) — Ancient Romans knew their city as the Queen of Waters for its aqueducts and public baths, but these days water is short and city fathers plan to cap more than 1,400 street drinking fountains to conserve it.

"Water is life, don't waste it," proclaimed thousands of posters that went up in public places Friday, heralding the start of a campaign to save the now-precious liquid.

City officials say they hope to persuade each of Rome's three million residents to save at least 2 1/2 gallons of water a day, or a total of 7 1/2 million gallons daily.

As part of the conservation effort, officials say spigots will be placed on the small drinking pools, known as "fontanelles" or little fountains — favorite stops for the thirsty Roman or visitor.

The equipment will stop the fountains' continuous flow, but they still will work when the spigots are turned. There are no plans to dry up the Trevi Fountain or other such tourist attractions.

Rome has grown rapidly in recent years and although it lies on the banks

of the Tiber river, a copious water source, the city water system has not kept pace with expansion.

Romans still use several of the 19 aqueducts erected by skilled engineers during the reign of Augustus (31 B.C.-A.D. 14) to provide fresh water supplies. Some rich families in ancient times had running water in their homes and the city boasted 870 public baths.

New water distribution channels, however, have not been built for some time. Rome's water company, to save dwindling reserves, occasionally cuts off sections of the city for several hours a week on a rotating basis.

In an effort to ensure uninterrupted water supplies in the future, a new aqueduct is scheduled for completion in 1979 or 1980. But until then, rigid conservation measures are necessary, officials say.

"The city without doubt will do its part to set a good example," said Piero Della Seta, city councilman in charge of technical projects.

In case complete water shutdowns are necessary, Rome is built almost entirely of stone and rarely has serious fires. The city went through a 24-hour cutoff four years ago without a blaze.

No serious injuries reported

Several area mishaps checked

Moderate damage resulted in a rear-end collision Friday night on Ohio 753 just south of Rock Mills-Good Hope Road, Fayette County sheriff's deputies reported.

An unidentified driver of a vehicle belonging to Carl Henderson of 5040 Washington-Good Hope Road reportedly fled the scene after the collision occurred around 8:50 p.m. According to the sheriff's department report, the unknown driver failed to observe a traffic signal at the south end of a bridge which is under repair and struck another vehicle that had stopped for the light. The other driver, William J. Van Dyke, 42, Miami Trace Road, was not injured.

Sheriff's deputies said a citation against the unidentified driver is pending.

Another rear-end collision resulted in moderate damage to two vehicles about 7 Friday night at the intersection of U.S. 22-W and Staunton-Jasper Road, according to sheriff's deputies.

William C. Miller, 56, of 228 Staunton-Jasper Road had stopped on U.S. 22-W to make a left turn when his car was struck in the rear by another west-bound vehicle. The other driver, according to the report, was Pamela S. Ellis, 24, of Sabina. Neither driver was

injured. No citation was issued by sheriff's deputies.

One driver claimed he was injured in a minor two-car collision on W. Court Street near Circle Avenue Friday afternoon, according to a Washington C.H. Police Department report.

Police officers reported David J. Williams, 32, 1108 E. Paint St., claimed he struck his head on the steering wheel when he failed to stop behind another vehicle that was turning left into a private drive around 3 p.m. Williams was not treated at the time of the accident.

Police officers cited Williams for failure to maintain an assured clear distance after his car rear-ended a car driven by Donald E. Wald, 42, of 497 Staunton-Jasper Road. Williams was also cited for driving while intoxicated after he refused to take an alcohol test.

A citation is pending the location of Gloria J. Forsha, 36, of 212 S. Fayette St., who allegedly left the scene of a head-on collision Friday evening on Broadway Street just west of Hopkins Street, police officers reported.

Edith P. Parr, 67, 541 Washington Ave., was reportedly westbound on Broadway Street about 6:30 p.m. when an oncoming vehicle traveled left of center and struck Mrs. Parr's vehicle

head-on causing moderate damage. The other driver was identified as Ms. Forsha, who, police officers reported, left the scene on foot.

Washington C.H. police officers issued citations following two other rear-end collisions Friday.

Sharon A. Cowman, 23, of 537 Columbus Ave., was cited for failure to maintain an assured clear distance after her car struck the rear of a pickup truck that had stopped in traffic on Washington Avenue just east of Carolyn Road.

Moderate damage occurred to Ms. Cowman's car, but the truck, driven by Harold Shonkwiler, 45, Bogus Road, was only slightly damaged in the 2:35 p.m. collision.

Police officers also cited Ronald D. Leach, 18, of 1015 Broadway St., after he struck another car stopped on N. North Street behind a turning vehicle. Leach reportedly told investigating police officers he tried to apply his brakes when he saw the other car had stopped, but slid on the wet pavement.

The other driver, Elizabeth J. Taylor, 20, of 2199 Dortha Drive, stated to the officers she had stopped around 6:53 p.m. behind a vehicle turning left just north of E. Paint Street when her car was rear-ended. No injuries were reported.

Brian H. Sollars reported to local police that a hit-and-run driver struck the left side of his vehicle while it was parked in the Buckeye Mart parking lot, 100 Washington Square, sometime between 5:30 and 6 Friday evening. Sollars car sustained minor damage, according to the police report.

Traffic Court

Cited for driving while intoxicated and disobeying a traffic signal by local police officers, a Columbus man was found guilty of both charges Friday in Washington C.H. Municipal Court.

Eighteen-year-old Johnny W. Halbrook of Columbus was sentenced to three days in the Fayette County jail and fined \$200 and costs for driving while intoxicated. Municipal Court Judge John P. Case also ordered Halbrook's driver's license suspended for a period of 90 days. A \$50-fine, plus costs, was levied on the man for disobeying a traffic signal.

Washington C.H. police officers cited Halbrook on the violations early Friday morning.

In another proceeding, Judge Case rescinded the suspension of a local man's driver's license. The judge had suspended 29-year-old Bobby J. Gentry's, 424 Forest St., license for 90 days on July 18 after finding him guilty of reckless operation. The remainder of the suspension was rescinded Friday when Gentry's attorney presented evidence of good cause.

A number of waivers were also signed in the Municipal Court Friday.

POLICE

Alford M. Carr, 38, of 407 E. Court St., \$35, disobeying a traffic signal. Gregory A. Holford, 19, of 714 S. Elm St., \$35, failure to yield. Forrest R. Walraven, 69, Wilmington, \$35, failure to maintain an assured clear distance.

PATROL

Emery B. Birchfield, 47, of Kingston, \$30, speeding. Mary E. Pickens, 55, Cincinnati, \$30, speeding. John T. Tines, 23, Cincinnati, \$30, speeding. James L. Baker, 29, of South Point, \$30, speeding.

Deaths, Funerals

Nobie Coder

SABINA -- Nobie Coder, 67, of 230 Park St., Sabina, died at 6:25 a.m. Saturday in Clinton Memorial Hospital, Wilmington.

Mr. Coder was a retired 31-year employee of the Baltimore and Ohio Railroad Co.

His wife, Emma Mae, preceded him in death.

He is survived by two daughters, Mrs. Christine Brown, of Sabina, and Mrs. Ethel Mae Fisher, of Colorado Springs, Colo.; a son, Roger N. Coder, of Colorado Springs, Colo.; four grandchildren and one great-grandchild, and a brother and two sisters.

Services, under the direction of the Littleton Funeral Home, Sabina, are incomplete and will be announced later.

Mrs. Esty Cline

SABINA -- Mrs. Ruth F. Cline, 82, of 1204 Rawlings St., Washington C.H., died at 4 a.m. Saturday in Fayette County Memorial Hospital.

Born in Clinton County, Mrs. Cline is survived by her husband, Esty, whom she married March 31, 1917; a daughter, Mrs. Ralph (Beulah) Jones, of Washington C.H.; three sisters, Alpha Davis, of Sabina, and Anna Hatcher and Gwen Burden, both of Dayton; a brother, M.O. Mitchell, of Columbia, S.C., and several nieces and nephews. She was preceded in death by two brothers and two sisters.

Services will be held at 2 p.m. Wednesday in the Littleton Funeral Home, Sabina, with burial in Washington Cemetery.

Friends may call at the funeral home from 2 to 5 and 7 until 9 p.m. Tuesday.

Mrs. Frank Hame

COLUMBUS -- Mrs. Norma J. Musser Hame, wife of Frank Hame, of Columbus, died Friday evening in her residence following an extended illness.

Besides her husband, she is survived by a brother, C.L. (Luke) Musser, of Washington C.H.; two nephews, James G. Musser, of Grand Rapids, Mich., and Wayne Hame, of Pataskala, Ohio, and several cousins.

Funeral services will be held at 1 p.m. Tuesday in the Thurston-Kauber Funeral Home, Pataskala. Burial will be in Pataskala Cemetery.

Friends may call at the funeral home Monday afternoon and evening.

JESSE LEE JOHNSON--Services for Jesse Lee Johnson, 70, of Cleveland, were held at 1 p.m. Friday in the Kirkpatrick Funeral Home, New Holland, with the Rev. Victor Slutz officiating.

Mr. Johnson, a former resident of New Holland, died Tuesday in his Cleveland residence.

Pallbearers for the burial in New Holland Cemetery were David Johnson, Hugh Keith Johnson, John Maupin and Richard Vincent.

By The Associated Press

Showers and thunderstorms continued dumping rain across the nation Friday night and this morning.

Most of the activity was in the nation's midsection, including the Ohio River Valley and the lower Great Lakes. Rain was fell in the central Appalachian region, along the Atlantic and Gulf coasts from South Carolina to Louisiana and over the southwest and the Pacific northwest. Rain also continued in Texas as Hurricane Anita spent itself in Mexico.

The heavy rains had presented flood possibilities in some areas, but most watches expired by early today.

A new tropical depression has formed in the eastern Gulf of Mexico, southwest of Tampa, Fla. The depression is expected to move generally to the west through today.

Ohio extended outlook, Monday through Wednesday: a chance of showers Labor Day and fair Tuesday and Wednesday. Highs in the 70s. Lows in the 60s Labor Day and in the low to mid 50s Tuesday and Wednesday mornings.

Check fraud defendant indicted by grand jury

A Mount Sterling area woman, arrested last week by Washington C.H. police officers on a charge of felony check fraud, was indicted by a Fayette County grand jury Friday.

Grand jurors indicted Jean Litreal, 39, Rt. 1, Mount Sterling, on the check fraud charge which allegedly stemmed from the passing of a check over \$150 at the Goodyear Tire Co. store in the Washington Square Shopping Center last week.

John H. Roszmann, assistant Fayette County prosecuting attorney, said the check fraud charge was the only case considered by the jurors in the opening of the September term in Fayette County Common Pleas Court.

The defendant has been free on bond since the incident and will be arraigned on the charge by Fayette County Common Pleas Court Judge Evelyn W. Coffman at a later date.

In other court proceedings Friday, Judge Coffman overruled a change of venue motion requested by attorney Gary Stout on behalf of William P. O'Keefe, 31, of Cleveland, Ohio.

O'Keefe had requested a change of venue in his upcoming trial "due to excess pre-trial publicity."

O'Keefe, being held in the Fayette County jail on a charge of grand theft, and another prisoner attempted to escape from confinement in June.

Mainly About People

Lori Lynn Moore, daughter of Mr. and Mrs. Terry Moore, 825 Independence Court, has returned home from Children's Hospital, Columbus (correction).

Couple arrested following dispute

A Dayton Avenue couple was arrested on separate charges early Saturday morning following a domestic dispute, according to Washington C.H. Police Department officials.

Police Capt. Dennis Brown said investigating officers were dispatched to a Twin Acres mobile home around 2:18 a.m. after receiving a complaint of a disturbance in which a firearm had been fired.

Arrested were James Hoover, 38, and Nancy Hoover, 38, both of 1025 Dayton Ave. Hoover was charged with disorderly conduct by intoxication and is being held in the Washington C.H. city jail. Mrs. Hoover was charged with discharging a firearm. She was taken to the Fayette County jail where she is currently being held pending a hearing in Washington C.H. Municipal Court.

Brown said both were arrested in connection with the domestic dispute incident, but would release no other details.

Municipal Court

In Washington C.H. Municipal Court, a local man was found not guilty on Friday of an alleged theft that occurred July 30.

Glen Hargis, 34, of 583 Camp Grove Road-SE, had been accused of stealing an automatic transmission from Cartwright Salvage Co. on Bogus Road. Fayette County sheriff's deputies arrested Hargis on the charge on Aug. 25.

Municipal Court Judge John P. Case found Hargis innocent after hearing all the alleged evidence presented and ordered him discharged. He had been free on a \$100-bond since his arrest.

DON'T MISS THE HIT SHOW OF THE YEAR!

Opinion And Comment

In Europe 700 millennia ago

The Greek archeologist Aris Poulanos calculates that the fossilized bones of "Petalona Man," found in the Petralona Caves near Salonika in 1960, date back some 700,000 years. This would make the skeleton by far the oldest human remains ever found in Europe; "Heidelberg Man," discovered in Germany near the turn of the cen-

tury, is thought to have lived 300,000 to 450,000 years ago. The bones of man-like creatures found in Africa greatly antedate Petralona Man. Even so, it is intriguing to think that early humans lived in Europe nearly three quarters of a million years ago - and not merely in Europe, but in the place later to become the cradle of

Western civilization. There is something unique about this find, Poulanos thinks: he says that "we have at the Petralona Cave the oldest traces of fire used by man known from any excavation" to date. The Greek scientist's conclusions appear to push the origins of man in Europe, man the fire-user, much further into the past.

Your Horoscope

By FRANCES DRAKE
What kind of day will tomorrow be? To find out what the stars say, read the forecast given for your birth Sign.

SUNDAY, SEPTEMBER 4

ARIES
(March 21 to April 20)

If it is a day for rest, take it: Do not engage in needless activity and tire yourself beyond reason. In tasks, be thorough but anxiety-free.

TAURUS
(April 21 to May 21)

Be careful of details, dispel doubts and a trend toward misunderstanding. You can avoid possible friction if you are on your toes, thinking ahead every step of the way.

GEMINI
(May 22 to June 21)

You should have little opposition now unless you look for it - which you can do wisely. Sow the seeds of good will and keep your counsel discreetly.

CANCER
(June 22 to July 23)

You rarely "forget" an obligation, but right now you could overlook one through haste. Be alert to the fact and, with diligence, you will remember - and fulfill.

LEO
(July 24 to Aug. 23)

Friends will be especially helpful now - especially in being able to supply some much-needed information. Act on it immediately.

VIRGO
(Aug. 24 to Sept. 23)

Bow to the demands of present circumstances until you have time to really plan a new and more profitable course. Sharpen your fine mental gifts.

LIBRA
(Sept. 24 to Oct. 23)

Planetary influences somewhat mixed. Be constructive in planning, tenacious in implementing. System with flexibility needed.

SCORPIO
(Oct. 24 to Nov. 22)

You can demonstrate your ability to be original and imaginative now but, at the same time, concentrate on practicality. Sometimes even good ideas may not be immediately feasible.

SAGITTARIUS
(Nov. 23 to Dec. 21)

Your incentive and vigor should be at a peak now. Your creative urges will also be strong, and may impel you to do something unusual and outstanding.

CAPRICORN
(Dec. 22 to Jan. 20)

You may have an annoying situation with which to deal, or some complex problem. But your optimism and know-how will turn things to advantage if you remain up to standard.

AQUARIUS
(Jan. 21 to Feb. 19)

You may have to revise some plans, change tactics, perhaps hold a conference or two. But, in the end, what you do well now will produce substantial dividends later.

PISCES
(Feb. 20 to March 20)

Pisceans are noted for their extraordinary intuition, a gift which will prove invaluable now. A hunch could send you off into entirely new directions - with ultimate benefit and profit.

YOU BORN TODAY are proud, persevering, discriminating, dedicated to whatever career you choose and ever ready to be of service to mankind. You have a passion for details, however, and may tend to become swamped by them, and your feet are usually so solidly planted on the ground that you sometimes fail to look up at the stars.

Your exactitude and meticulousness are boons in many instances, of course, but try to realize that, as a Virgoan, you have been endowed with great artistry, so try to cultivate that side of your life. Although you can succeed in business, teaching or science, which strongly appeal to you, you COULD also make an excellent writer, musician, sculptor or designer.

a tremendous increase in your prestige.

SCORPIO
(Oct. 24 to Nov. 22)

Don't head into complications: steer a clear course. Speak softly, but with decisiveness, and DO avoid restlessness and impetuosity.

SAGITTARIUS
(Nov. 23 to Dec. 21)

Focus ambitions on an attainable plateau. Don't strive for the unreasonable. Negotiations scheduled? Engage in them quietly, purposefully.

CAPRICORN
(Dec. 22 to Jan. 20)

Especially favored under day's somewhat unusual but, on the whole, friendly aspects: secretarial and clerical work; mathematics, science and confidential matters.

AQUARIUS
(Jan. 21 to Feb. 19)

Your ambitions can be given full rein now. Map route for the coming week along sound lines. You are in a fine position to make long-range plans.

PISCES
(Feb. 20 to March 20)

Poise and perseverance are day's top requirements. Choose the most appropriate goal, and plan for its achievement carefully.

YOU BORN TODAY have a rare talent for knowing how to please others and how to get the most of what you undertake. You have the traditional Virgoan practicality but are less conventional and inhibited than many of your Sign. You have a keen intellect and are greatly attracted to the scientific, but you do not fit the picture of the cut and dried scientist buried in research and records. Rather, because of your lively imagination and truly remarkable intuition, you are the type who comes up with brilliant ideas which, no matter how unique, are always workable.

TUESDAY, SEPTEMBER 6

ARIES
(Mar. 21 to Apr. 20)

A business-like, but also an understanding approach to all matters will be needed for best returns. Some friction possible, but don't add fuel to the fire.

TAURUS
(April 21 to May 21)

Highly favorable Venus influences should give you new incentive, spur your ambitions, give you surer appreciation of the many benefits within your reach.

GEMINI
(May 22 to June 21)

In both business and financial matters, use only time-tested procedures. Don't attempt anything risky. And DON'T try for the unreasonable.

CANCER
(June 22 to July 23)

A new surge of energy should carry you far along the road to success and recognition. But be sure of your goals. Don't scatter energies.

LEO
(July 24 to Aug. 23)

If you tried and did not attain, review well before trying the same thing again. A new method could turn the trick. Don't become discouraged.

VIRGO
(Aug. 24 to Sept. 23)

A certain amount of daring could prove profitable now but don't let your imagination run out of bounds. The Virgoan has a lot of common sense. USE it!

LIBRA
(Sept. 24 to Oct. 23)

Do not pay much attention if associates seem difficult. Many persons are "edgy" now, so don't take unseemly action personally.

SCORPIO
(Oct. 24 to Nov. 22)

You are one of the few in a position to take strong and progressive action now, but be careful not to make too many waves. A certain amount of discretion needed.

SAGITTARIUS
(Nov. 23 to Dec. 21)

If you are not sure how to move in a certain situation, best put off action for a while; you are not likely to be rescued through luck.

CAPRICORN
(Dec. 22 to Jan. 20)

A more or less routine day indicated, but give some time and thought to a project you are planning to launch in the near future. The more planning and preparation the better.

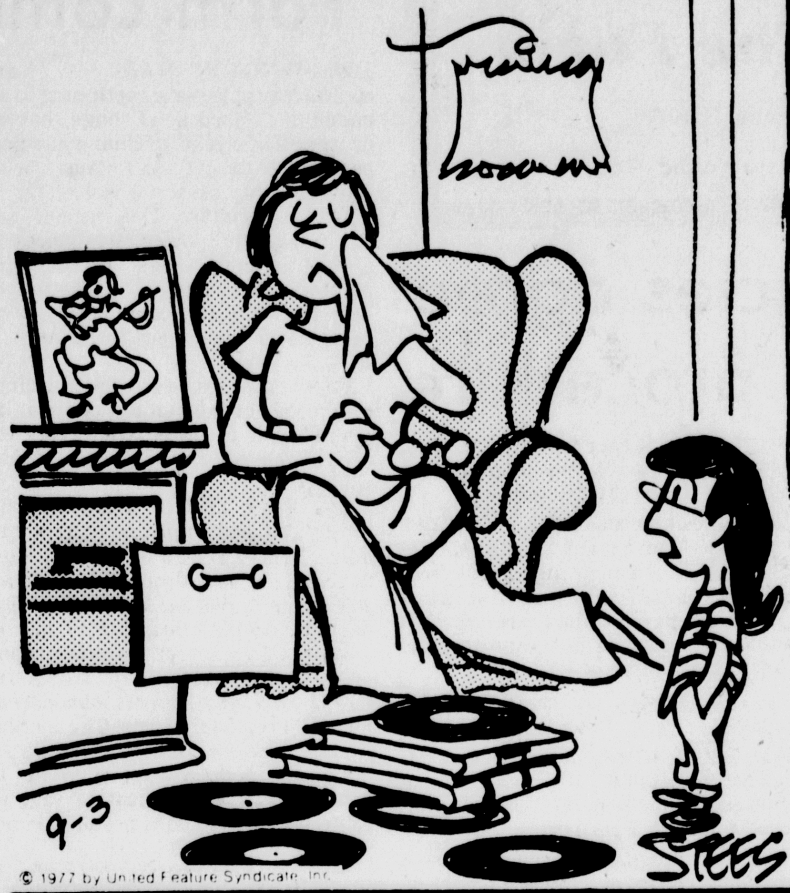

AQUARIUS
(Jan. 21 to Feb. 19)

Some family difficulties likely - especially with in-laws. Tact and patience on your part can be instrumental in lessening tensions.

PISCES
(Feb. 20 to March 20)

A day in which you could be error-prone, so give careful attention to details - especially in areas where mistakes could hurt you the most.

YOU BORN TODAY can, if you bolster your self-confidence and curb a tendency toward self-consciousness, make a great contribution to the well-being of mankind - both in your immediate circles and in the wider, broader sense. You face all problems, large or small, with logic, forthright action and the courage to stand up in the face of opposition.

"ELVIS WHO — MOMMY?"

Army studies women serving under fire

WASHINGTON AP — The Army is conducting a major new study which could result in women serving under fire in a future war, officials say.

The study, the most detailed of its kind ever conducted by the Army, is aimed at establishing how women can fit best into the service structure and how many can be used effectively.

Army officials said Thursday there is no intention to change longstanding policy barring women from a direct combat role - as an infantry soldier, machine-gunner, or member of a tank crew. But they said they are looking at how women might serve in what they call a "combat environment."

As the officials explained the concept, women eventually might be assigned to signal, military police, transportation, maintenance or medical units with a role in the battle zones.

Traditionally, women soldiers have been kept far to the rear in higher headquarters or hospitals, although women nurses sometimes have been exposed to shellfire in past wars.

Meanwhile, leaders of women's organizations appealed to Congress on Thursday for more jobs for women in the armed forces.

Testifying before a Joint Economic Committee panel, they said expanding participation of women in the armed

forces would result in greater military effectiveness.

One witness, retired Col. Mary A. Harlaren, a former director of the Women's Army Corps, testified that WACs served in London during World War II bombing raids. "No one ever asked for a transfer to a safe billet," she said.

"There are women, as well as men, who crack under stress, who cannot take pressure, but working with men and women over the last 50 years, both in and out of the Army, has convinced me that it is the individual and not the gender that determines a person's strength under pressure," she said.

The Army study is being carried out in several sections, with most of the results due for consideration next spring by Army Secretary Clifford Alexander and Gen. Bernard Rogers, Army chief of staff.

One of the most important tests involves about 200 women who will go into the field with units in Western Europe this month. The purpose is to judge how women stand up under rough conditions of extended field duty.

Although women started serving with the Army in numbers during World War II, they were limited strictly until recent years to medical or clerical jobs. But 92 per cent of the skills in the Army now are open to women.

Yesterday's Cryptquote: MORE PERSONS, ON THE WHOLE, ARE HUMBUGGED BY BELIEVING IN NOTHING THAN BY BELIEVING IN TOO MUCH. —P.T. BARNUM

Dear Abby:

ABIGAIL VAN BUREN

An oz. of counsel may prevent 9-lb. accident

DEAR ABBY: What do you think of parents who let a 17-year-old boy hang around their house all day and half the night seven days a week? The boy is our son. Jerry has been going steady with this 15-year-old girl for nearly a year, and he has practically lived at her house all summer.

He says her folks have never asked him to go home, so he just stays.

I say they should kick him out at midnight. We're so afraid that all that time together will lead to an intimacy the kids can't handle.

Two years ago, our 19-year-old son ran off and married a 17-year-old girl, and five months later, she had a nine-pound "premature" baby. We don't want a repeat of that with Jerry. He has another year of high school ahead of him.

Can you help us?

WORRIED PARENTS

DEAR PARENTS: Don't expect the girl's parents to discipline your son. That's YOUR job. Set some rules and curfews for Jerry and see that he obeys them. In the meantime, your husband or perhaps your older son should have a man-to-man talk with Jerry. An ounce of prevention is preferable to a nine-pound accident.

DEAR ABBY: First let me explain that I have four children (two still in diapers), a nine-room house to take care of, and no one to help me. When my husband comes home from work, he always asks, "What did you do all day?"

Abby, I could sock him! How should I answer him?

BOILING

DEAR BOILING: Don't answer him. But tomorrow, do absolutely NOTHING! And when he comes home and finds the beds unmade, breakfast and lunch dishes in the sink, the laundry basket piled high with unironed clothes, and not a trace of supper started, if he asks what you did all day, say, "You're always asking me that. Well, today, I didn't do it!"

DEAR ABBY: Three years ago I gave my granddaughter a gift of cash to be used for a trip to Europe, which is what she said she wanted more than anything else in the world.

While planning the trip, she met a young man and decided that she didn't want to leave him, so she didn't go, but she kept the check.

She married the fellow and became pregnant immediately. Now they have a child, and another one on the way, so it appears that the trip to Europe is off indefinitely.

My granddaughter claims the check that I gave her is deposited in the bank "drawing interest" for that trip-someday.

I feel that since the money was not used for the purpose it was intended, she should return it to me.

I need your opinion.

GRANDMA

DEAR GRANDMA: Don't ask her to return the check. If you gave it to her for a trip to Europe and didn't stipulate she had to use it within a specified period of time, it's hers to use whenever she's able to go.

CONFIDENTIAL TO "S" IN SILVER SPRINGS, MD.: Whether she nags because he drinks or he drinks because she nags is unimportant. Nagging only irritates the giver. Drinking irritates the liver.

Today In History

By The Associated Press

Today is Saturday, Sept. 3rd, the 246th day of 1977. There are 119 days left in the year.

Today's highlight in history:

On this

Down On The Farm

Saturday, September 3, 1977

Washington C.H. (O.) Record-Herald - Page 4

Federal agencies agree on farm loan procedure

WASHINGTON (AP) Two federal agencies have come to an agreement on how to proceed with emergency loans to farmers stricken by droughts, hurricanes and other natural disasters in hopes of not getting tangled in each other's red tape.

A memorandum of understanding between the Farmers Home Administration and the Small Business Administration has been signed with that in mind, officials said Thursday.

The FHA is part of the Agriculture Department and the SBA is an independent agency. Both have been engaged in making emergency disaster loans to farmers. The agreement was signed by Gordon Cavanaugh, administrator of FmHA, and Vernon Weaver, head of SBA. Officials said that the agreement pledged the two agencies "to cooperate in the use of their respective loanmaking authorities to complement each other" and to improve and expand financial

assistance to farmers "with the least possible degree of overlapping confusing or duplicating activities."

A spokesman said that prospective borrowers from FmHA will still have to show that they cannot get credit from regular commercial sources - a policy of many years - while those who get loans from SBA do not have to meet such a credit test.

For some time, the FmHA offered emergency loans to qualified farmers at an annual interest rate of 5 per cent. Since authorized to make farm emergency loans in 1975, SBA has offered loans at 3 per cent.

But recent legislation which grew out of congressional oversight hearings on farm emergency credit now requires FmHA to charge interest rates no higher than SBA for similar loans. Thus, the spokesman said, current FmHA emergency loans are being made at the 3 per cent rate.

Leaders attend conference

Three Fayette County Farm Bureau leaders were in Columbus August 25 and 26 for the Ohio Farm Bureau Federation Leadership Conference, along with 400 other leaders from throughout the state.

The theme for the conference was "Reaching the Top Notch" and the keynote speaker was Tennyson Guyer, U.S. Congressman, 4th District from Findlay, Ohio.

The more than 400 county Farm Bureau leaders met at the Hilton Inn,

Olentangy River Road, to discuss Farm Bureau programs for 1978.

In addition to sessions involving special speakers, county leaders divided into smaller groups to sharpen their leadership skills in specific areas.

Those from Fayette County in attendance at the conference included Jim Paisley, council committee chairman; Laurel Montgomery, public affairs chairman and Pat Larrick, Farm Bureau organization director.

Farm commodity prices continue sagging trend

WASHINGTON (AP) — Farm commodity prices are continuing to sag under the burden of huge harvest prospects this year, declining another 3 per cent from July 15 to Aug. 15, the third monthly skid in a row.

The Agriculture Department said Wednesday that lower farm prices for soybeans, corn, hogs, broilers and potatoes contributed most to the decline. Overall, commodity prices were down 6 per cent from Aug. 15, 1976.

Farm expenses, meanwhile, declined an average of one-half of 1 per cent last month, due to lower feed costs, the department's Crop Reporting Board said.

The index of feed grain and hay prices dropped 10 per cent from mid-July. Corn, at \$1.64 a bushel, was down 24 cents, and oats dropped 11.4 cents to 90.6 cents a bushel. Barley, at \$1.50, declined 3 cents a bushel from July 15.

After USDA issued its price report, officials announced they are putting into effect a price support loan increase for 1977-crop feed grains. The increase was indicated Monday by Deputy Secretary John White when he announced plans for a wheat acreage set-aside program to trim production next year.

The corn loan rate for 1977, effective immediately, is now \$2 a bushel, up from the \$1.75 previously set. Other feed grain increases include: barley, \$1.63 a bushel and \$1.50 previously; oats \$1.03 and \$1; rye \$1.70 and \$1.50; and sorghum \$1.90 and \$1.70.

The sorghum rate is equal to \$3.39 per 100 pounds, up from the \$3.04 previously set.

Officials noted that the higher feed

grain loan rates — the amount farmers can borrow from USDA by using their crops at collateral — are the same as called for in 1977 by the new farm bill waiting final action by Congress.

The department said farmers who have already put 1977 feed grain under loan can obtain an additional disbursement based on the new rates by contacting offices of the Agricultural Stabilization and Conservation Service.

The monthly price report showed

that beef cattle averaged \$37.40 per 100 pounds on Aug. 15, down 20 cents from July. Hogs, at \$42.80 per 100 pounds, dropped \$2.10 during the month.

Wheat averaged \$2.02 as of Aug. 15, compared with \$2 on July 15. Soybeans were \$5.34 a bushel against \$6.30 in July.

Upland cotton averaged 64.5 cents a pound against 60.4 on July 15.

The Aug. 15 parity ratio declined again to 64 per cent from 65 on July 15

and 71 per cent on Aug. 15 of last year.

The mid-August reading of 64 per cent was the lowest since the indicator was 55 per cent in March 1933. A spokesman said that was the third lowest since USDA began keeping records. The other low mark was 58 per cent in December 1932, in the midst of the Depression.

Theoretically the parity ratio shows that farmers have the same purchasing power as they had in 1910-14, a period in which farm prices and expenses were considered to be in relative balance.

Tractor workshop slated

A tractor safety and maintenance workshop will be held September 15 from 10 a.m. to 3 p.m. in the Junior Fair Building at the Clinton County Fairgrounds.

The all-day educational program is being sponsored by the Clinton County Farm Bureau Women's Committee and the Clinton County Extension Service office. All Fayette County farm women are invited to participate. Those planning to attend should be at the Landmark parking lot, 319 S. Fayette St. at 9 a.m. on Sept. 15 to form car pools.

The day's program will include mock farm accident situations, accident prevention, axle inspections and controlled roll-overs. Those attending are urged to wear working type

clothing and be prepared to actively participate in the program, which will also include instruction on simple repairs and maintenance.

Lunch will be a sack lunch provided by the participants. A sign-up sheet will be provided at the Farm Bureau annual meeting to further information may be obtained from Mrs. Wayne Hidy or Mrs. Dwight Duff.

The next meeting of the Fayette County Farm Bureau Women's Committee will be held at 1:30 p.m., Tuesday, October 4, in the Landmark board room.

Iowa man named to FHA position

WASHINGTON (AP) — James E. Thornton, a native of Iowa, has been named associate administrator of the Farmers Home Administration, an agency of the Agriculture Department.

Thornton, 44, will share responsibility for FmHA program that provide financing for rural development in four major areas: farmer programs, rural housing, community facilities and businesses and industry employing rural residents. A spokesman said Thursday his salary is \$47,500 a year.

Born and raised in Westfield and Sioux City, Iowa, Thornton most recently was executive director of the Federal Advisory Committee on National Growth Policy Processes. For four years prior to that, he was a professional staff member of the Senate Agriculture Committee.

Thornton's experience also includes five years in the 1960s as an assistant to then-Agriculture Secretary Orville L. Freeman.

Women's Club
announces
Parish Picnic

The new and immediate past officers of the Women's Club of Saint Colman Catholic Church met recently in the home of Mrs. George Spilker, the new president. Those present besides Mrs. Spilker were Mrs. Paul Ondrus, Mrs. Sam Pyrszaniuk, Mrs. Michael Wilson, Mrs. Robert Pero and Mrs. Raldon Smith. Mrs. John Fisher, Mrs. John Byron and Mrs. Bruce Ream were not present. Father David Petry was also present as an advisor.

The purpose of the meeting was to discuss plans for the year. The Christmas bazaar will be the main event. There will also be card parties, bake sales and many very interesting programs.

One of the first outings planned is a Parish Picnic for Sunday, Sept. 11 at Deer creek Park. The buffet style picnic will be held at Picnic Area 4 near the beach house. Each family is asked to bring a meat dish and one other dish of either salad, vegetable or dessert. Drinks and rolls will be provided, as well as transportation, if a request is placed in the offering basket on Sept. 4.

The first meeting of the Women's Club will be at 7:30 p. m. Sept. 19 in Colman Hall, and will feature a dessert smorgasbord. All women are invited to attend, especially the new members of the parish.

Nutrition group
goes to zoo

Sixty members of the Senior Nutrition group left Friday morning at 9 a. m. by chartered bus and the Community Action van for the Columbus Zoo and will return at 3 p. m.

The participants planned a boat ride, train ride, and hope to view all of the various types of animals and birds. They took sack lunches prepared for them by Mrs. Beverly Johns, and were escorted by Judy Clark, site coordinator of the nutrition group, Donna Upthegrove, supervisor of the Community Action Outreach, and the senior nutrition drivers, Janice Kaesler, Nancy Brown and Danetta Kniceley.

Those making the trip were Helen Baughn, Marjorie Crider, James Crider, Hazel Coder, Dorothy Penwell, Virgil Wilburn, Leota Davis, Frank and Goldie Cornell, Lulu Ferneau, Robert Arnold, Hazel Miller, Margaret Brodt, Ray Penwell, Norman and Sadie Holloway, Blanch Purcell, Hazel Rose, Milton Moore, Ann Knapp, Leona McGinnis, Floyd and Anna Wackman.

CHOCOLATE ANGEL CAKE

It's a glorious creation!

¾ cup sifted cake flour

1½ cups sifted confectioners' sugar

1-3rd cup unsweetened cocoa

1 teaspoon finely crushed instant coffee

1½ cups (12 large) egg whites

1½ teaspoons cream of tartar

¼ teaspoon salt

1 cup granulated sugar

Chocolate Cream, see below

Sift together the flour, confectioners' sugar, cocoa and coffee; return to sifter. In the large bowl of an electric mixer beat together until foamy the egg whites, cream of tartar and salt; beat in the granulated sugar, 2 tablespoons at a time, until whites hold stiff straight peaks. Gradually sift in and fold in the flour mixture. Turn into an ungreased 10-inch angelcake pan; cut through batter to break air bubbles. Bake in a preheated 375-degree oven until batter showing in cracks in cake looks dry — 35 to 40 minutes. Invert and let hang until cold; loosen edges and around tube and ease from pan. Cut in 3 crosswise layers. Fill and cover top and sides with the Chocolate Cream. Store in refrigerator.

Chocolate Cream: Beat together until thick 1 pint heavy cream, 1 cup sweetened ready-to-use cocoa mix and 2 teaspoons vanilla.

Miss Nance and Mr. Smith exchange vows

Miss Rebecca Marie Nance became the bride of Terry Lee Smith, when the Rev. Father David Petry performed the double-ring marriage ceremony at 4 p. m. August 20 in St. Colman Catholic Church.

The bride is the daughter of Mr. and Mrs. Russell Nance, 317 Earl Ave., and Mr. and Mrs. Lester Smith of Jeffersonville, are the parents of the groom.

Two vases filled with blue, white and pink carnations, white gladioli and blue kilian daisies were at the altar. The pews were decorated with fern and satin rainbow bows.

Mr. John Huffman presented wedding selections on the organ.

Given in marriage by her father, the bride wore a gown of white nylon organza with V-neckline with scattered seed pearls. The long fitted sleeves were edged in tiny ruffles, as well as the full flowing skirt. Her detachable chapel length train also ended in a ruffle. She wore a diamond heart-shaped necklace, a gift from the groom. She carried a colonial bouquet of red and white sweetheart rose, baby's breath and red and white streamers.

Miss Jill Sanderson, the honor attendant, wore a floor-length powder blue chiffon gown with lace trim, and carried two white long-stemmed roses with baby's breath and blue ribbons.

Roger Binagar of Jeffersonville, served as the best man. Seating the wedding guests were Gene Nance and Steve Smith, brothers of the couple, Kenny Hellenenthal, Gary Crawford and Ervin Armstrong.

Mrs. Nance chose for her daughter's wedding a blue chiffon formal length gown. Mrs. Smith wore a blue knitted street-length dress with matching jacket. Both mothers had corsages of white cymbidium orchids with baby's breath.

Hostesses for the reception held in St. Colman Hall were Miss Jackie Cowman, Mrs. Janie Nance and Mrs. Barbara Campbell. Miss Dianna Stackhouse presided at the guest book.

The bride's table held a three-tiered wedding cake decorated in blue and topped with a miniature bridal couple. Four layer cakes surrounded the tiered cake.

Following a brief wedding trip, the couple is now residing at 17 East High St., Jeffersonville. The groom is employed as foreman at Sabina Aluminum.

Circle 3
views slides

Mrs. James Vorhis and Miss Luran Perrill were guests when Circle 3 of First Presbyterian Church met Thursday evening in the church parlor.

Miss Dorothy Donohoe reported from the Yearbook of Prayer and Mrs. Ralph Jones read the Mission Interpretation. Mrs. Mildred Rogers was in charge of the Bible study which concerned the story of Eve and her descendants.

Following the business meeting, Miss Perrill entertained the group with slides taken on her recent trip to London, England.

Mrs. C. L. Musser, leader, and Mrs. Ralph Jones were hostesses for the evening.

Camp Fire Girls
to organize groups

The Paint Valley Council of Camp Fire Girls group organization committee will be at Rose Avenue School at 2:45 p. m. Sept. 8 (Thursday), to organize Blue Bird groups in the first, second and third grades.

Regular brochures will be distributed in the school. Girls interested in joining a Blue Bird group are invited to attend. Parents are urged to attend along with their daughters.

Xi Iota Theta
holds meeting

Xi Iota Theta chapter, Beta Sigma Phi Sorority, held an open meeting at the Terrace Lounge recently. A report was given by Carol Lowe, chairman, on the proceeds of the Fair project.

Discussions of projects for the fall season were made by members present, Mrs. Lowe, Dee Pruitt, Becky Greenwood and Georgette Kelley.

MTHS B Boosters

A meeting of the Miami Trace Band Boosters will be held at the Miami Trace school at 7:30 p. m. Tuesday, Sept. 6. All interested band parents are asked to attend the meeting.

Items on the agenda for discussion are the Ham and Turkey dinner, Marching Band Contest, and the Baptist Dinner, all in charge of the Band Boosters to raise funds for new overlays.

A discussion will also be of the band bus chaperones and the duties of Band Boosters for the 1976-77 school year.

Princess Caroline attending wedding

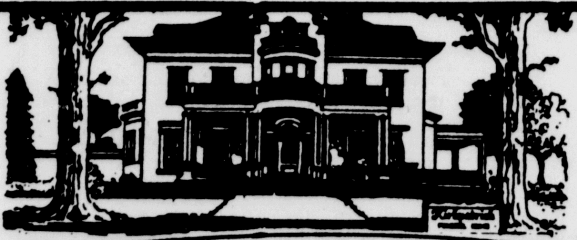

LISBON, Portugal (AP) — Princess Caroline of Monaco, a bride-to-be herself, is here to attend the wedding of a cousin.

The daughter of Prince Ranier III and the former Grace Kelly arrived here Friday for the wedding of Princess Diane Isabel de Polignac Mascarenhas de Barros to Italian Count Carlo Augusto de Condi Nigra. The wedding is Lisbon's social event

of the year. About 300 guests have been invited to the Polignac palace today after a private wedding ceremony at the Madre Deus Church.

Princess Caroline was met at the airport by Princess Diane and a small army of reporters.

Princess Diane is the daughter of a French aristocrat related to the Grimaldi house of Caroline's father. Count de Condi Nigra lives in Portugal.

KIRKPATRICK FUNERAL HOME

Dear friends,

One hundred years ago, 80% of all energy in the U.S. was produced by muscle-power. Today the amount of energy provided by our muscles is less than 1%. Machines are freeing us from manual labor, but they are also robbing our bodies of the exercise we need to survive and be healthy.

Perhaps it's time to use more muscle power, if just for better mental and physical well being.

Respectfully,

Richard Kirkpatrick
Roger E. Kirkpatrick

Dodgers blast Pittsburgh, 10-2

Devil in Lonborg roasts Reds in Philly

PHILADELPHIA (AP) — Jim Lonborg kept thinking about Rosemary's baby while he pitched devilishly clever against the Cincinnati Reds.

With his pregnant wife ready to go to the hospital at a moment's notice, the expectant father had enough concentration to fire a five-hit shutout as the Philadelphia Phillies scored a 3-0 victory Friday night.

"Of course I thought about it, but I have a job to do too. I like to think I'm able to divorce myself of things like that when I'm facing hitters like that," said Lonborg, who dashed out of the clubhouse to meet his wife, Rosemary, at home.

The win was the fourth straight and 23rd in the last 29 games for the Phillies, who increased their National League East lead to six games over Pittsburgh. Cincinnati fell 9½ games behind Los Angeles as the Dodgers beat the Pirates, 10-2.

With Lonborg pitching masterfully, Bake McBride provided all the offense for the Phillies. The sleek centerfielder walloped his 13th home run of the year, a solo shot in the fifth inning of loser Mario Soto, and cracked a pair of run-scoring doubles.

"That was a Jim Lonborg game. He

used all of his pitching intelligence and his knowledge of hitters," said Manager Danny Ozark of his 34-year-old righthander, who struck out six and walked five to earn his 10th win against three losses.

The Reds stranded 10 runners. They loaded the bases in the fifth and wasted lead off doubles by Joe Morgan and Cesar Geronimo in the sixth and ninth innings.

"He pitched a good ball game. We had our chances but didn't take advantage of them," said Pete Rose.

"He kept everyone off balance. He was making everybody go after his pitch rather than giving the hitters their pitch," said slugger George Foster, who was 0-for-2 with two walks.

"We pitched around a couple of guys and then executed everything perfectly," said the 6-foot-5 Lonborg, who hit the corners and changed speeds often to keep the Reds guessing.

McBride, who was inserted in the started lineup when Garry Maddox complained of weakness in his injured right shoulder, did the rest.

Soto, 2-4, allowed only three hits in six innings, but two of them hurt. After his double scored Ted Sizemore in the third, McBride rifled a shot over the 371-foot mark in right center in the

fifth. He stood at the plate to watch the ball clear the fence.

"I hit that ball as good as I can hit it. I don't hit too many, and the one's I hit I like to look at for a while," said McBride. "Cincinnati had been putting it on us. We wanted a little taste of revenge."

The rest of the drama belonged to Lonborg. He and his wife have three adopted children, but this is the first time Lonborg has gone through the expectant father ordeal.

In other NL games Friday, Houston defeated Montreal 5-2, San Diego blanked Chicago 5-0, St. Louis downed San Francisco 6-4, Los Angeles clobbered Pittsburgh 10-2 and the New York Mets beat Atlanta 4-0 in the opener before losing 3-2 in the nightcap of a two-night doubleheader.

Dodgers 10, Pirates 2

Ron Cey slammed his 25th home run of the season and Steve Garvey drove in three runs to the Dodgers' 18-hit attack as Los Angeles routed Pittsburgh.

Cey now has 99 runs batted in for the season and Garvey 98.

Burt Hooton, 10-7, held the Pirates to four hits before being forced to leave the game after seven innings when his arm tightened. It was his first victory since July 31.

Cey's homer was the 57th of his career at home, tying him with Willie Davis as the all-time home run leader in Dodger Stadium.

Cardinals 6, Giants 4

A ninth-inning bloop single by Garry Templeton scored pinch runner Mike Phillips from second base to lift St. Louis over San Francisco.

The Giants entered the ninth inning with a 4-3 lead, but the Cardinals rallied for three runs to snap their seven-game losing streak.

Gary Thomasson slammed a three-run homer for San Francisco while Hector Cruz hit a two-run shot for the Cardinals.

Padres 5, Cubs 0

Home runs by Bill Almon and Dave Winfield backed the six hit pitching of Randy Jones and Rollie Fingers to give San Diego its victory over Chicago. It was the Cubs' eighth loss in their last 10 games.

Jones hurled the first seven innings to pick up the victory while Fingers blanked the Cubs over the final two innings to record his 31st save of the year as the Padres won their fourth straight game.

Astros 5, Expos 2

Jose Cruz slammed a two-run homer to back J.R. Richard's eight-hitter and give Houston its victory over Montreal. It was the Astros' eighth straight victory.

Andre Dawson had an RBI single and his 15th homer of the season for Montreal.

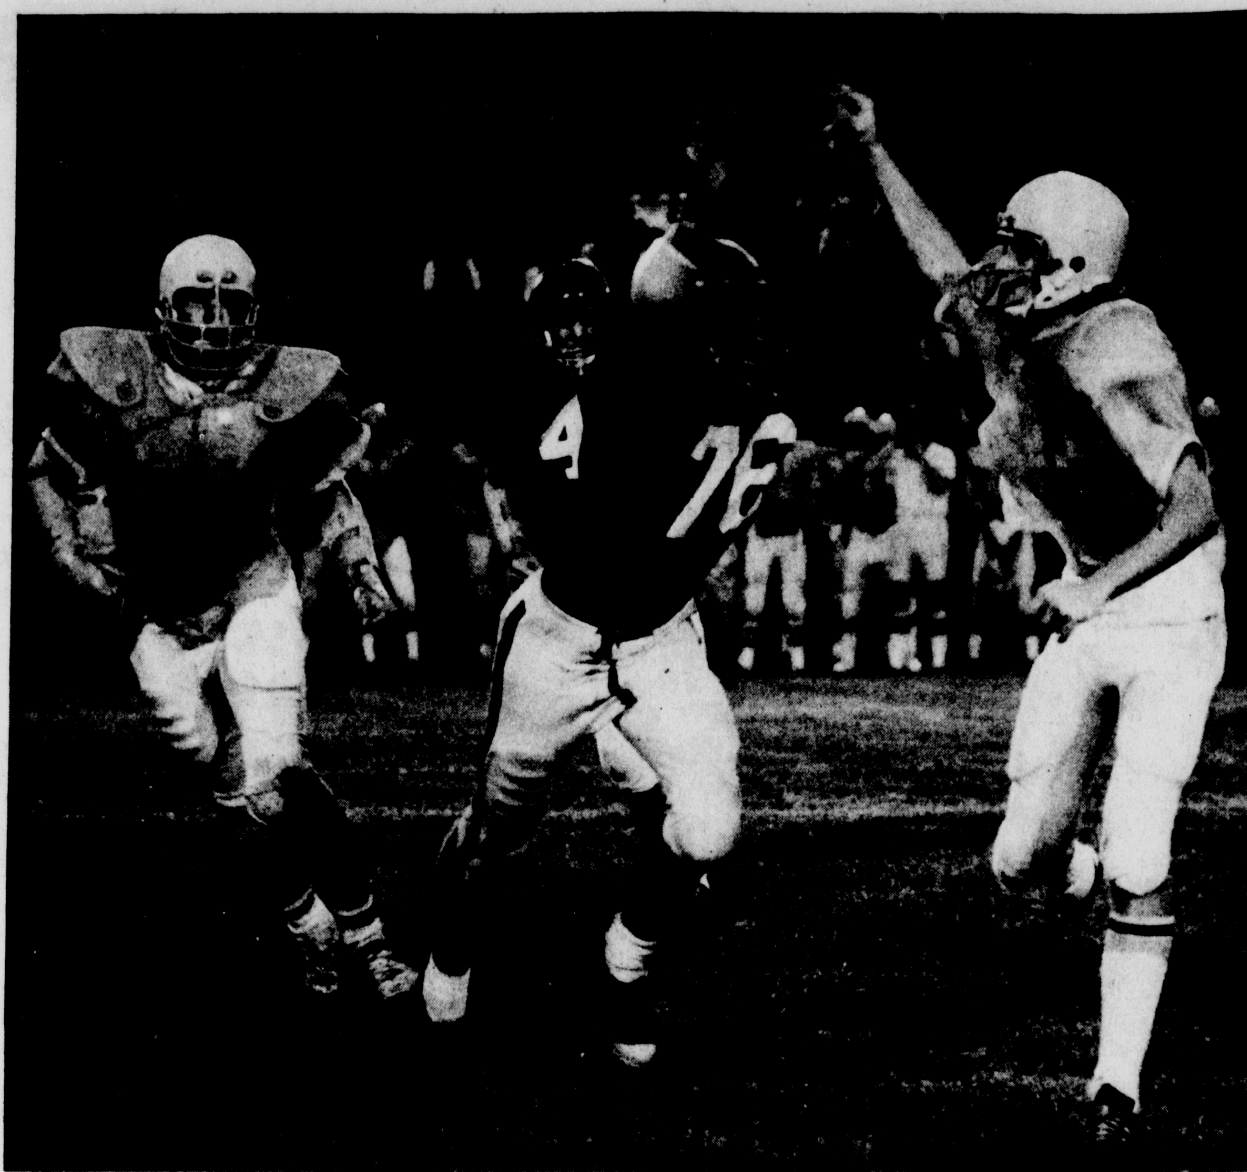

Richard, 14-10, also singled home Houston's final run in the ninth.

Mets 4-2, Braves 0-3

Steve Henderson's two-run homer gave New York the opening-game victory while Rowland Office's fifth-inning single capped a three-run rally as Atlanta took the nightcap of the doubleheader.

Pat Zachry, 8-12, hurled a five-hitter in the opener as Henderson drove in three runs, the first RBI coming on his first-inning single. Henderson homered in the second game, his 11th of the season.

Fifth-inning doubles by Joe Nolan and Pat Rockett, a walk to Junior Moore and singles by Buzz Capra and Eddie produced Atlanta's runs in the second game.

LION DEFENSE SHOWS ITS STUFF — Duane Six (76) of the Washington C.H. Blue Lions rushes the quarterback in last night's scrimmage against West Jefferson. Not only did the Lions lose the pre-season game by three touchdowns,

but they also lost tailback Jeff Elliott with a shoulder injury. First reports say that Elliott may be lost for up to six weeks.

Yankees win again, 4-0

Splittorff near no-hitter ups Kansas City lead in AL West

By WILLIAM R. BARNARD
AP Sports Writer

Kansas City pitcher Paul Splittorff watched Charlie Moore's single carry into left field, ruining the no-hitter he had nurtured for 72-3 innings.

Splittorff said his first thought after Moore's pinch hit was: "Bear down and win the game."

Which he did, finishing with a neat one-hitter as the Royals defeated the Milwaukee Brewers 3-0 Friday night to complete their sweep of a two-night doubleheader.

The Royals took the first game 3-1 as Andy Hassler and Doug Bird combined for a four-hitter. The sweep gave the Royals a four-game lead over Texas and Chicago in the American League's West Division. Minnesota is 4½ games behind.

In other AL games, the New York Yankees opened a four game lead in the East with a 4-0 triumph over Minnesota; Baltimore nudged the White Sox 6-5, Texas trimmed Boston 6-4; Seattle nipped Toronto 4-3; Cleveland bested California 3-1 and Detroit tripped Oakland, 6-4.

Splittorff, a lanky left-hander also had a one-hitter in 1975 against Oakland. He retired the last 26 batters in a row in that contest.

Friday night, he struck out nine and walked three in bidding to become the second Royals hurler to throw a no-hitter. Jim Colborn beat the Rangers 6-0 with a no-hitter May 14. Yankee 4, Twins 0.

Ron Guidry posted his second straight shutout and his fourth of the season with a six-hitter as New York blanked Minnesota.

The victory gave New York a four-game lead over Baltimore and dropped Boston into third, 4½ games back.

Solo homers by Lou Piniella and Roy White backed Guidry's performance and gave New York its 22nd victory in the last 25 games.

Orioles 6, White Sox 5
Lee May's two-run homer, his 21st of the season, broke a 4-4 tie with the White Sox, then the Orioles survived a ninth-inning Chicago rally.

Oscar Gamble's single in the ninth scored Ralph Garr from third, but right fielder Mike Dimmel nailed John Flannery at the plate when he tried to score from second on the hit, then Tippy Martinez struck out Lamar Johnson to end the game.

Both Flannery and Dimmel were recalled from the minors this week.

Richie Zisk had four RBIs, including a two-run homer, for Chicago.

Rangers 6, Red Sox 4
Jim Sundberg delivered runs with a sacrifice fly and a squeeze bunt and former Texas pitcher Ferguson Jenkins made a key error as the Rangers beat Boston to move into a virtual tie for second place in the West.

The game was tied 1-1 in the fifth inning when Mike Hargrove and Bump Wills singled. Then Jenkins picked up Claudell Washington's sacrifice bunt

Elliott lost with shoulder injury

Jeff Elliott, the tailback co-captain that many Washington C.H. fans had pinned a successful season on, has been lost to the team for probably six weeks. Elliott was injured early in last night's scrimmage with West Jefferson that saw the Lions lose by three touchdowns, 21-0.

Elliott suffered a shoulder injury, possibly a separation, and missed all but the first few plays in the game. He was rushed back to Fayette Memorial Hospital where the official diagnosis was made.

Elliott, who was fifth in the SCOL last season rushing, figured heavily in head coach Paul Ondrus' plans for the 1977 season. Elliott was scheduled to see backfield duty, defensive backfield chores and most of the kicking. The senior ranked near the league lead in punting last year also.

The fleet runner was Washington's top scorer one year ago. Elliott scored 13 touchdowns last season including three additional tallies on extra points for 81 of Washington's total 197 points.

The injury is especially crippling because of the time when it happened. With the season now less than one week away, the Lions are faced with losing Elliott for the first five important games. And, since Elliott is a senior, he will also miss four of the five home games this season.

The only thing that could be considered in the Lions' favor is the fact that the schedule seems

JEFF ELLIOTT

to be easier the first five games. With three non-league opponents first off and then weaker Teays Valley and Hillsboro next, Elliott could be ready to play when Washington meets the tougher teams in the SCOL. The Blue Lions' final five games, four of which are on the road, are with Greenfield McClain, Wilmington, Madison Plains, Circleville and Miami Trace.

Ondrus is now expected to move juniors Jon Heinz or Bill Runnels into Elliott's spot on offense and junior Larry Brickles is expected to fill in for the Lion co-captain on defense. Runnels should now handle the place-kicking while Brickles does the punting.

Bengals' defense ready for Vikings

CINCINNATI (AP) — The Cincinnati Bengals will be testing their improved defense tonight when they match the overpowering Minnesota Vikings in a preseason contest at Riverfront Stadium.

Cincinnati bolstered the defense Friday with the acquisition of defensive tackle Walter Johnson. Bill Kollar remains iffy because of foot surgery and veteran Ron Carpenter has a back problem.

Both teams have 3-1 preseason records. The Vikings were beaten 29-7 by the Baltimore Colts before rapping the Miami Dolphins 33-7 last week.

Cincinnati lost its first game 23-20 at Green Bay then went on the victories over Tampa Bay, Detroit and drubbed St. Louis 33-9 last week.

"They look like a pretty potent team," said Vikings' Coach Bud Grant of the Bengals. "Their offense incorporates all the ingredients, power, speed, the ability to catch the ball and throw the ball."

Grant said, however, he will substitute quarterback Bob Lee in place of

Fran Tarkenton tonight. All-pro tackle Alan Page, who has finished his law studies, will make his first preseason start.

Cincinnati Coach Bill Johnson said he will start two-time Heisman Trophy winner Archie Griffin with third-year running back Tony Davis in the backfield with quarterback Ken Anderson.

The addition of the veteran Walter Johnson could change the Cincinnati defensive thinking. Cincinnati has been experimenting with the "34" defense, so called because of its use of three down linemen and four linebackers.

The 13-year veteran was cut last week by the Philadelphia Eagles where he had gone after years with the Cleveland Browns.

"He's hurt me a lot over the years," said offensive guard Dave Lapham. "He's strong, super strong. I remember one time I went down with him and he gave me a forearm to my forehead. I saw a yellow flash."

Last year the Vikings rallied to beat the Bengals 23-17 at Bloomington.

Harris mistreats Bears' rookie

By DAVE KAYE
AP Sports Writer
Like Harris of the St. Louis Cardinals, starting his fourth National Football League season, knows how to mistreat a rookie.

Harris sped behind rookie Chicago cornerback Mike Spivey and snared a 95-yard touchdown pass to cement the Cardinals' 23-14 victory over the Bears Friday night in an NFL preseason game.

"It was a rookie error in that he gave me the middle," said Harris. "On plays before, he was jumping to the outside and I'd noticed it."

The victory in the nationally televised game was the first after four losses by the Cards, who scored the first three times they had the ball and led 16-7 at halftime.

Chicago, which trailed by 13-0 midway through the second quarter, pulled within 16-14 early in the second half before absorbing its third defeat in six games.

In the other NFL games Friday night, Baltimore defeated Detroit 21-

10; Pittsburgh topped Philadelphia 21-13, and Denver downed Seattle 27-10.

In Saturday's games, Tampa Bay plays at Buffalo; San Francisco is at Oakland; New Orleans meets Miami; Cincinnati hosts Minnesota; Dallas is at Houston and Cleveland plays at Green Bay.

The Jets and the Giants meet Sunday for the bragging rights to New York City and Washington is at New England. Monday's game sends Atlanta to Kansas City.

The Detroit defense held Bert Jones to 28 net yards passing in the first half, but Jones directed two third-quarter scoring drives to lead the Colts to victory.

Jones tossed a 32-yard touchdown pass to Ron Lee to snap a scoreless tie on the first possession of the second half. Then, after the Lions went ahead 10-7 on a 50-yard field goal by Fred Steinfort and a 15-yard pass from Gary Danielson to David Hill, Jones again rallied the Colts.

After a fumble recovery, the Baltimore quarterback completed two

passes for 47 yards and Lee skirted left end to score from a yard out.

Terry Bradshaw engineered three second-half touchdowns to wipe out a 13-0 Philadelphia halftime lead and give the Steelers their victory over the Eagles.

Bradshaw hit John Stallworth with a 23-yard pass for the winning score.

The Eagles, 3-2 in exhibition play, had taken their early lead on a 19-yard touchdown pass from Ron Jaworski to Harold Carmichael and a pair of Horst Muhlmann field goals.

Craig Morton led two long scoring drives and rookie running back Rob Lytle scored on a three-yard run to lead Denver past Seattle.

Morton hit rookie tight end Ron Egloff with a five-yard TD pass that capped a nine-play, 56-yard drive with the opening kickoff.

Morton also directed a 16-play, 88-yard drive in the fourth quarter for Denver's final touchdown. Lonnie Perrin carried the final six yards for the score.

Nothing helps like Paraquat at soybean harvest.

ORTHO Paraquat CL herbicide burns back unwanted weeds and grasses on contact with no danger to mature soybeans. It reduces dockage from foreign matter, cuts equipment downtime from clogging, helps you harvest beans faster and easier. For best results, apply Paraquat with ORTHO X-77 Spreader. Come in and let's talk about it.

AVAILABLE AT:
Sabina Farmer's Exchange, Inc., Fayette Co. Farm Bureau, Carter Flo-lizer, Sholler Soil Service, Mid-Ohio Chemical (Jeffersonville), Mid-Ohio Chemical (New Holland), or Leesburg Crop Service (Leesburg).

Meet The Team slated tonight

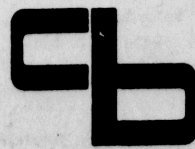

Washington C.H. will hold its annual Meet The Team tonight at 7:30 p.m. at Gardner Park. The varsity and reserve team members will be introduced along with the freshman and junior high squads. In addition, the cheerleaders and band will be on hand. Admission is a towel.

EMPLOYMENT

DRAFTER/DESIGN

A heavy work load in our
Engineering dept. has
created the need for more
drafting support. We desire
an individual with training
and/or experience in
drafting of mechanical
components. Good
mechanical aptitude is a
primary consideration. If
you have background in
these areas and have the
initiative and interest in
learning our products,
increasing your drafting
design skills, and advan-
cing within an
organization which places
high value on quality
performance, we want to
talk to you. Good benefits
and work environment;
salary commensurate with
experience. Apply to Gould
Inc.

CONSIDER YOURSELF AT HOME

Lovely, clean, and just big
enough, if you need four
bedrooms and do ap-
preciate one of the older
homes that has been up-
dated. This offering comes
as a result of an estate and
is relatively close uptown.
Three bedrooms upstairs,
one bedroom downstairs
along with the parlor,
dining room, kitchen with
plenty of cabinets, full
bath, and utility room.
Basement with gas fur-
nace. Large one-car
garage with big carport,
also plenty of garden area.
Priced \$25,000.00.

Ohio Perspective

Traffic safety program for school kids set

COLUMBUS, Ohio (AP) — The Department of Highway Safety has launched a pilot program to acquaint children with traffic safety fundamentals "before they start getting on the school bus."

"We have a great deal of pedestrian accidents among children in the 4 and 5-year-old age group," explained Georgia Blackwell, the agency's director of federal projects.

The department is mailing out free of charge packets of brochures to 1,700 nursery schools, day care centers and other preschool facilities.

The illustrated booklets, designed to

be read to or with a child depending on the youngster's reading ability, deal with stop-look-and-listen basics, stop signs and traffic signals.

They were designed by the American Automobile Association for children in the 2½ to 6-year-old age bracket, Miss Blackwell said.

A followup study will be made to gauge the effectiveness of the program, the spokeswoman said, and "We are doing an investigation of developing a total curriculum for pre-school traffic safety."

The federally funded program is entitled "Preschool Children in

Traffic," a designation that drew chuckles when the State Controlling Board authorized a \$16,425 contract with AAA.

"It sounds like a W. C. Fields rerun," said board president Robert F. Howarth.

Parents or others who want the booklets can get them "at cost" at AAA, Miss Blackwell said.

Frank W. King, chairman of the Ohio Board of Building Standards, presides over the 11-member agency without too much concern for parliamentary procedure.

As a former longtime state lawmaker and ex-president of the Ohio AFL-CIO, the 66-year-old King says it's more important for members to understand what they are voting on than to adhere to a rule book to the point of being ridiculous.

At a recent meeting where there were motions to divide and reconsider some multisubject issues, King laid them out one for one and carefully phrased each question for individual roll calls. In doing so, some rules were brushed aside.

"It might not be good parliamentary procedure, but it's clear," he said, with members smiling agreement.

Senate Majority Leader Oliver Ocashek doesn't expect that he and Gov. Rhodes will ever agree on very much politically. But the urban Summit County Democrat is continually amazed by the Republican governor's folksy style.

At the Ohio State Fair recently, Ocashek recalled, Rhodes gave him an elaborate introduction and then instructed a youth choir to sing, "We love you, Oliver."

"I looked over and there was the governor singing along," Ocashek chuckled, hardly able to contain himself.

Class of 50 EMTs now in training

Life squad prepares for new vehicles

With the impending purchase of four new emergency vehicles, the Fayette County Life Squad has undertaken the training of 50 new emergency medical technicians.

Presently, one class has been filled. There are several positions available in the Saturday class. In order to graduate the class as soon as possible, the course will be held from 9 a.m. to 12 noon and 12:30 p.m. to 3:30 p.m. on Saturdays for approximately three months. Those interested in enrolling should contact the life squad business office at 437-7617.

The month of August saw a small decline in the number of persons transported to the Fayette County Memorial Hospital emergency room for treatment. The Washington C.H. base unit transported 71 persons to the

emergency room while the Jeffersonville unit handled nine persons.

The Jeffersonville unit has four motor vehicle accident victims and five medical transfers to the hospital. The Washington C.H. unit transported 37 persons from the county and 36 from the city with two runs being cancelled en route to the scene.

The Washington C.H. unit also handled a total of five runs with backup crews while the squad vehicle was on another call.

Of the 71 persons transferred, 18 were from motor vehicle accidents; 20 were suffering from chest pains or shortness of breath complaints; 10 were fall victims; two were possible drug overdose victims, and 24 for various medical reasons.

The life squad also participated in

Fayette County Memorial Hospital's annual mock disaster drill.

Last month the life squad purchased approximately \$200 worth of new equipment to provide better emergency aid to Fayette County residents. Emergency medical technicians also accompanied 11 patients on transfers to other hospitals during the month.

Plant workshop scheduled at Lake Hope on Sept. 9

ZALESKI, Ohio (AP) — An outdoors workshop to "acquaint man with wild plants and help him become attuned to the inner workings of plants" is planned for next weekend at Lake Hope State Park in southeastern Ohio.

It's titled "Wild Victuals and Granny Doctors" and is the fourth annual workshop sponsored by the Department of Natural Resources on the dos and don'ts of wild plants, particularly edible ones.

This year's program begins Sept. 9 at the park, on Ohio 278 in Vinton County, and will run until about noon on Sept. 11, according to Larry Henry, of the DNR's division of parks and recreation.

One of the highlights will be the appearance of Dr. Wally Toadflax, "healer extraordinaire," as he makes his annual trek to visit area residents. "Wally is the invention of the imagination of my staff," Henry confessed. "He is based on myth in England some time ago. Actually, all cultures had him in one form or another. The Indians had a shaman or witch doctor; the pioneers had a

Granny Doctor who used swamp water to cure warts.

"We're going to present him as he would come out of the woodwork centuries ago."

Another big event will be the preparation of a full-course meal from edible wild foods. Visitors will select and prepare elderberries, groundnuts, sasafra, pawpaw, arrowhead and day lily.

"I think (naturalist) Euell Gibbons would be right at home," Henry said. "You learn the histories of plants and how to identify them, the locations where they are found and where it is legal and illegal to collect them," Henry said.

"You also learn how they are used, what part of the plant is edible at what time of the year."

There also will be hikes in the woods and a 2½-hour tour of abandoned iron industry buildings in the area.

Last fall's workshop at West Branch State Park near Ravenna drew more than 6,000 people, Henry said.

U.S. economic outlook given

COLUMBUS, Ohio (AP) — An increase in the rates of inflation and unemployment are expected along with a slowdown in the country's economic growth through mid-1978, two Ohio economists have predicted.

Ohio State University professor William G. Dewald, and Kenyon College assistant professor Maurice Marchon, writing in the August issue of OSU's "Bulletin of Business Research," forecast an increase in the country's Gross National Product of \$184 billion in the current fiscal year.

This would be a 9.8 per cent annual growth rate compared to 10.5 per cent the previous year, the authors say. They attribute the lower rate to slower growth in money and government spending last winter.

The economists forecast about a 7 per cent inflation rate, up from 5.5 per cent the previous year. They also predict the unemployment rates "will rise in the short run" as prices adjust slowly to inadequate demand.

Dewald and Marchon conclude that unless the inflation rates slows faster than their forecast, or policy makers take more actions than they have indicated, there will be a marked economic pause followed by resumed growth in mid-1978.

Ottawa in Putnam County is on the site of one of the state's more famous ancient Indian villages — Tawa Town, from which it takes its name. —AP

AWARD WINNERS — The Washington Senior High School cheerleading troupe recently won several awards at a camp at Wright State University, Dayton, sponsored by the Golden Eagle Cheerleader Schools, South Hill, Va. Kneeling, left to right, are Carol Tillis, Maribeth Cleary and Kelli Wisecup; standing are Amy Hurley, Mary McClendon and Kristi Upthegrove. The squad won the spirit award which was based on genuine spirit, clinic participation and sportsmanship and was awarded to only one squad. They also won a flight award by showing 100 per cent effort throughout the clinic and marked improvement as indicated by squad review scores. The squad, participating in all areas of competition, won one superior, two excellent and one outstanding ribbon.
